Dear Sir:

In response to the Office Action mailed September 4, 1986 favorable reconsideration is respectfully requested in view of the remarks below.

The third affidavit by Mark Wadsworth filed in, applicant's copending parent application Serial No. 425,612 is incorporated herein by reference and sets forth facts showing that:

(1) The interpreter/formatter of the Lawrence et al. patent is neither a "compiler" nor "functionally equivalent" to a compiler;

(2) The Lawrence disclosure would not suggest or make obvious to one skilled in the compiler art the substitution of a compiler for the Lawrence interpreter/formatter; and
